

## The Monthly Good News October, 2021

---

### ***Accreditation***

#### ***School of Health Sciences***

The SIU DH program successfully submitted the program's self-study and will welcome a peer site team on November 9-10 2021. This is a vital part of the accrediting process which occurs every 7 years. *"CODA (Commission on Dental Accreditation) employs a collaborative peer review accreditation process to evaluate the quality of over 1,400 dental and dental-related education programs nationwide, including dental, advanced dental and allied dental programs."*

The SIU BSN program recently completed their CCNE virtual site visit on 9/22, with the site visitor report being submitted to CCNE on 10/6. Of the 4 standards addressed, 3 were met without compliance issues. The accreditation team is requesting more information regarding two areas within Standard IV, specifically associated with aggregate faculty outcomes and assessment of program outcomes. The BSN program will submit a response, providing the requested information, within the allotted timeframe. Accreditation status will be shared with the institution at the end of May 2022.

---

### ***Awards and Honors***

#### ***School of Health Sciences***
